This drawing and the information contained in it are proprietary and the sole property of DELTAPUMP A.S. and any use, reproduction or distribution, in whole or part, without the prior written consent is prohibited.

NOTE:
This Pump, have an option to change Flow-direction to ease the install process. If a customer would like to change the direction of flow:
* First exchange part "A" (valve-assembly) for "B" (plug insert)
* You also need to reverse the rotation of the electric motor.
The valve (A) SHOULD ALWAYS be placed on the pumps pressure-side/OUTLET to maintain the Safety-Valve functionality!

Serial Number (S/N) is stamped when the Pump is delivered as a separate item. When delivered with Electric motor a Name Plate tag is mounted on the Base Plate.
